Automatic Medicare EOB:

Effective and Easy to Use

Avanta's new automatic Medicare EOB posting program is effective and easy to use. The new Medicare EOB posting module automatically and intelligently posts electronic EOB information to each patient, saving your office staff time and effort.

One client using Avanta's new automatic Medicare EOB posting program is Retina-Vitreous Associates of Los Angeles. Debbie Martinez, billing manager for Retina-Vitreous, said, "We have a lot of Medicare patients. It used to take about twenty hours of staff time per week to post Medicare EOBs. With Avanta's electronic Medicare EOB posting, we now spend 75% less time posting. We're able to utilize the extra time on collections."

For further information about taking advantage of the new automatic Medicare EOB posting program, please call Avanta at 818-706-9191.

DYMO LABELWRITER

Forget those pesky, old methods of handwriting or using a clunky typewriter for your chart labels. Instead, meet the future with efficient, computer-printed labels from Avanta.

Avanta is pleased to offer the Dymo LabelWriter, the perfect solution for producing one-at-a-time chart labels. A new software feature works with the Dymo LabelWriter to conveniently print professional, easy-to-read chart labels one-at-a-time. The Dymo LabelWriter can also print multiple chart labels or other label formats if desired. The cost-effective Dymo LabelWriter, offered at \$395 (installation included), is space-saving too, with a small footprint of only 4" by 6".

Please look for a sample label included in Avanta's next mailing. If you would like more information about how to take advantage of the Dymo LabelWriter, please call Dan at Avanta at 818-706-9191.

Hardware Corner

If your Avanta-related office equipment becomes dirty or seems to need cleaning, please call Avanta. Calling us first will save you a potential hassle, as attempting to perform the cleaning yourself may damage the equipment.
