AVANTA SEMINARS ARE ON THE MOVE

Avanta moved its main office from Encino, in the San Fernando Valley to Agoura Hills about three years ago. As our office moved, so did the location for our free Avanta Seminars. We would like everyone to take advantage of these informative and instructive Avanta Seminars, however the attendance has not been as robust as we would like. It has been brought to our attention that the extra travel distance has become a factor in attending the seminars, that are held throughout the year at our office.

Our plans for the next Avanta Seminar are to change the location from our office in Agoura Hills to a more central locale. This should make attending the Seminar more convenient for most of our clients. We are currently considering several different options as possible locations for the next Avanta Seminar, including conference rooms in your office. Keep in mind that using your office to hold an Avanta Seminar would require use of your space for consecutive days, and increase traffic in your office. If you would like to offer your space, or have comments about the seminar location, please call Avanta and ask for Dan.

ARR Program

We at Avanta appreciate the loyalty that our clients have demonstrated over the years and would like to reward that loyalty by introducing a new Avanta Referral Rewards (ARR) program.

We currently receive a number of new system sales from client referrals of the Avanta System to doctors and office managers who are unhappy with their current system and/or support. We pride ourselves in the industry leading support we provide, and are confident knowing that our product matches up with the best.

Details of the ARR program will accompany an Avanta client survey which was recently mailed out to every office. We would appreciate it if you would candidly and completely answer every question in the survey and return it to us in the enclosed envelope. To show our appreciation for your input, Dan will deliver a box of delicious chocolates to your office at your next update once we receive your completed survey. If you have any questions or suggestions, please call Avanta and ask for Dan.

WELCOME!

Avanta is proud to welcome Dr. Cain (a Cardiovascular/Internal Specialist located in Tarzana) and Dr. Aney (a Pediatric Specialist located in San Juan Capistrano) to the Avanta family. Both of these physicians have recently chosen the Avanta System as their new practice management system. We are happy to have both of these new clients join the growing ranks of satisfied Avanta clients.
