FAX

November 17th, 2000

!!!Attention!!!

**Today is the last day
to transmit your
Medicare claims to
Transamerica!**

Transamerica will be accepting Medicare electronic claims today, Friday November 17th, until 5:00 p.m. After today, you must transmit your Medicare claims to NHIC. At your last Avanta software update, you were given an instruction sheet on what to do to switch your claims destination from Transamerica to NHIC. If you do not have these instructions and need assistance, please call Avanta and ask for Dan.

Please be aware that Medicare has reduced the payment waiting time for all claims submitted to Transamerica through today, November 17th. This means that any claims submitted today will be processed within one day. After today, all claims submitted to NHIC will be held until December 1st for processing, which means there will be a 3-4 week delay in receiving your Medicare checks. We urge all clients to submit any remaining Medicare electronic claims to Transamerica before 5:00 p.m. today.

**If you have not yet been contacted by NHIC/Medicare with your claims transmission test results, please call Dan at Avanta at 818-708-9700.
