

**AVANTA**  
MEDICAL INFORMATION SYSTEMS

**FAX**

DECEMBER 3, 2004

## **2005 CPT & ICD-9 Books**

The 2005 CPT and ICD-9 electronic books are now available for your Avanta system at no charge to you. The books are automatically included in the Avanta update that is currently being released. However, if your Avanta system has not been updated since November 15th 2004, you may call Avanta to request the current books to be downloaded into your Avanta system remotely.

If you have any questions, or would like the 2005 books as soon as possible, please call and speak to an Avanta support representative.

## **Check Your Backups!**

Your Nightly Backup should be checked and logged on a daily basis to make sure your practice information is recoverable in the event of a hardware failure or disaster. Please check each morning to make sure your backup has completed, keep a log of the on-screen verification numbers, and take home a backup tape at least once a week.

## **Welcome New Avanta Clients!**

Avanta would like to welcome the following clients for the Avanta family: Dr. Robert Elson and Dr. Maggie Lee Dinome in Santa Monica, Southern Hills Women's Health in Las Vegas, Dr. Isaac Gorbaty in Sherman Oaks, Dr. Frank Candela and Dr. David Schreier in West Hills.

The end of 2004 is near and we would like to thank all of you for your continued support, feedback, and use of the Avanta System. This past year we added many new features and continued to improve on the existing functions in your Avanta System. We continue to strive to offer our customers the best in Practice Management Software and Support and always welcome your comments and suggestions.

The Avanta staff is very excited about the upcoming year, as we have a long list of new features and enhancements currently being worked on by our programming team. We look forward to serving you in 2005, and will keep you updated with weekly AvantaFAX faxes, several new free Seminars, and unlimited support to address your questions, needs, and concerns.

Avanta will be closed Friday, December 24th in observance of Christmas Day, and on Friday, December 31st in observance of New Years Day. However, our automated phone attendant allows software and hardware team members to be paged in the event of an emergency.
